

# OPENFABRICS ALLIANCE 2020 WORKSHOP TEAM

Jim Ryan – TPC Chair (OFA Chair Emeritus)

June, 2020

# A QUALITY WORKSHOP REQUIRES...

Great  
Technical  
Content

Smooth,  
Seamless  
Delivery

# WITHOUT LOGISTICS, WE ARE LOST

## ▪ **The OFA's Marketing Working Group**

- Led by the OFA's Marketing Working Group Chair – Divya Kolar
- Supported by the unsung heroes of Nereus – our professional marketing communications team

## ▪ **Everything that no one else knows how to do**

- Hotels, Food and Beverage (except this year)
- Audio Visual
- Registration
- PR
- Managing the collection and delivery of workshop content
- ... you name it!

The logistics team are the drummers in the band  
The engine room keeping everything on time

# MEET THE OFA TPC FOR THE WORKSHOP 2020

## ■ The TPC owns the Technical Content for the Workshop

- Determine themes to set the workshop tone
- Create events to best convey the themes – sessions, BoFs, Meet the Experts ... whatever it takes
- Moderate the selection of the Workshop content

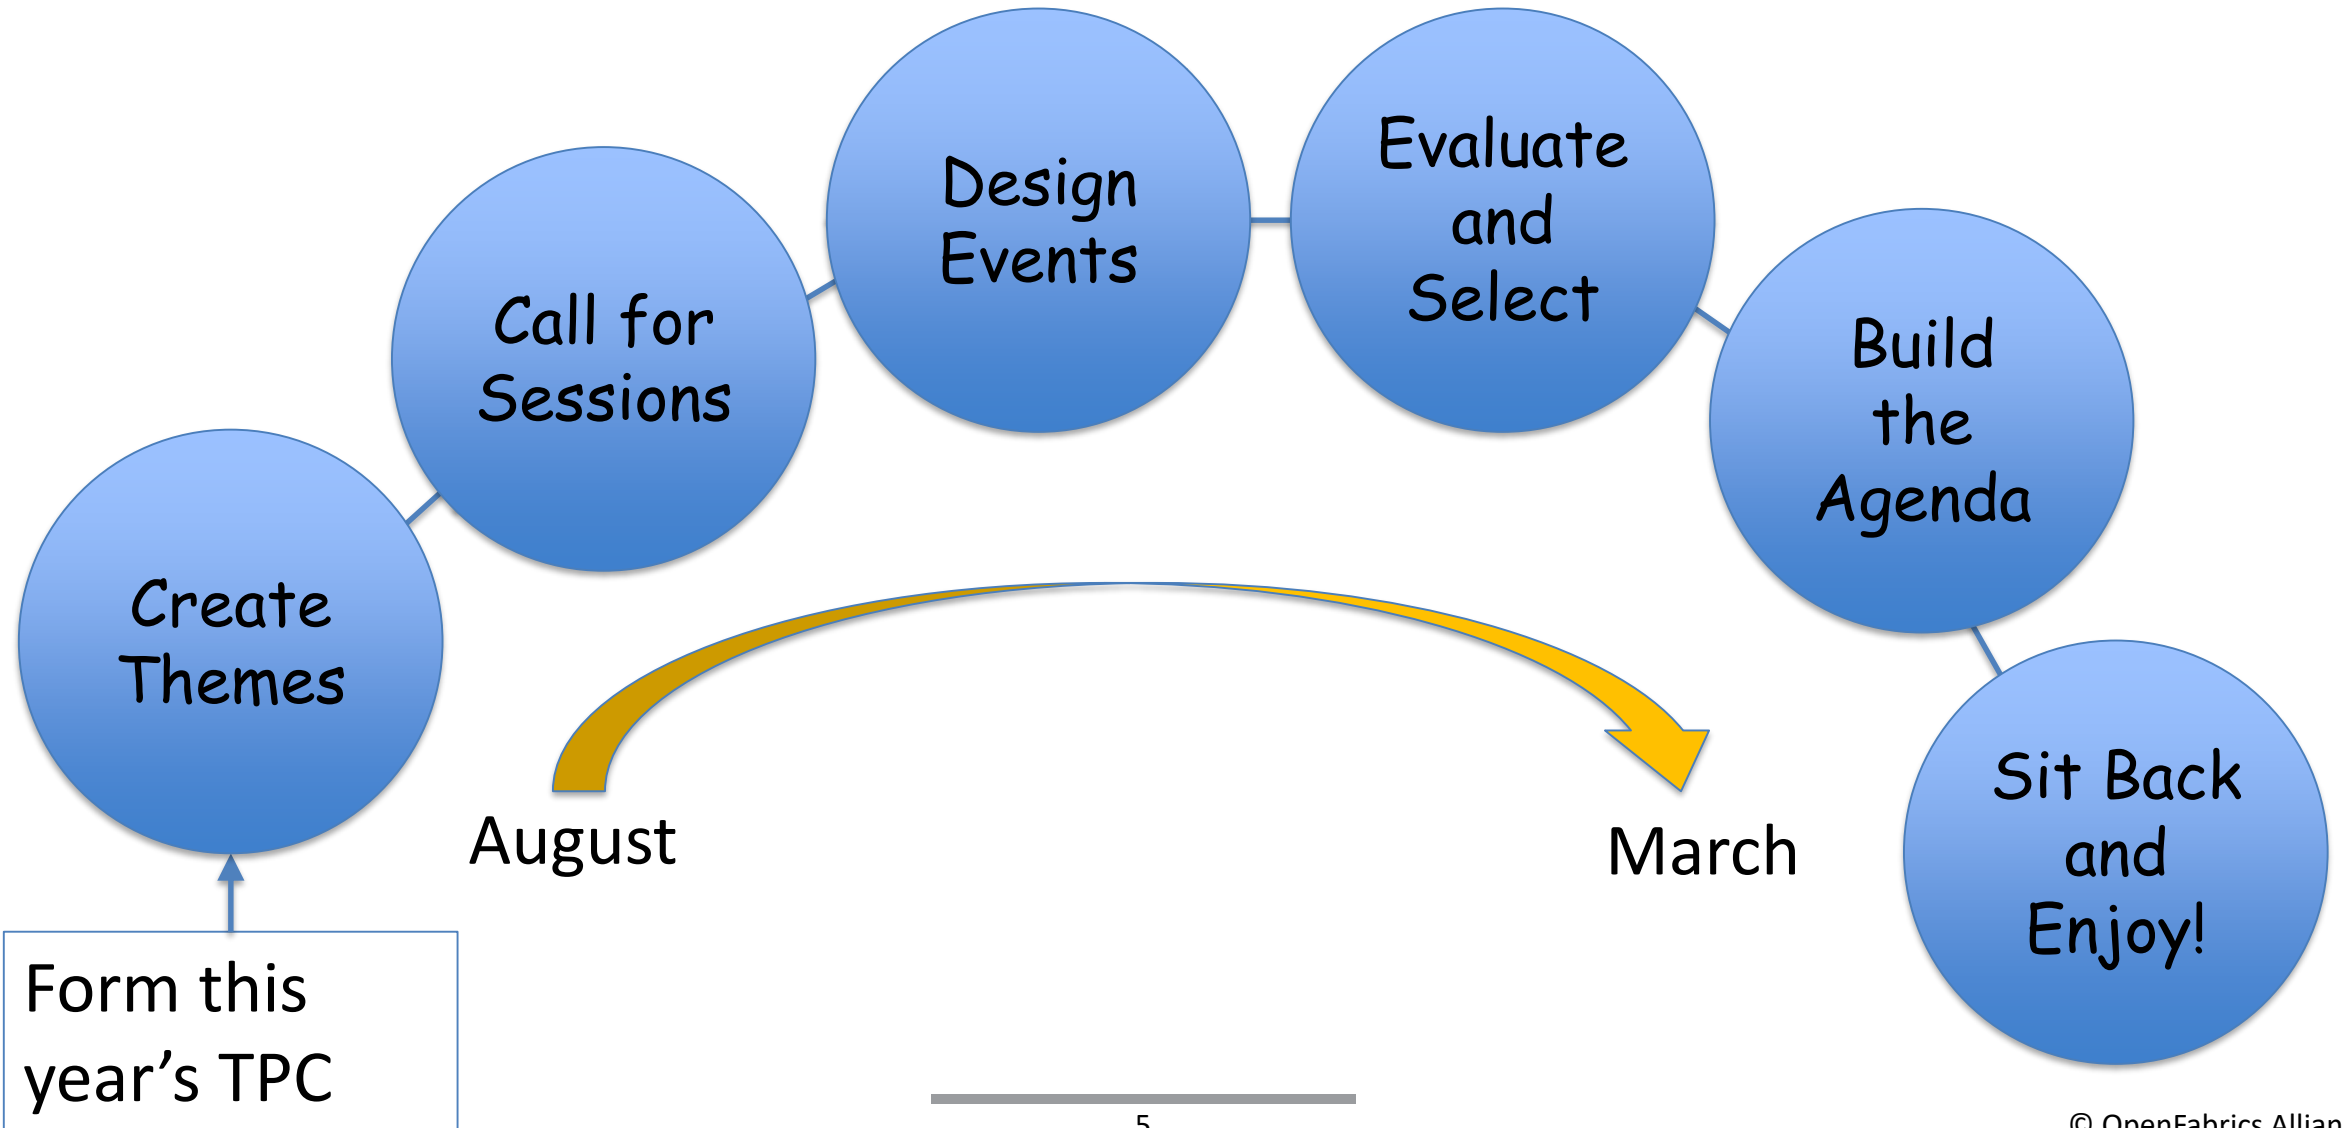

## ■ Who we are

- A volunteer committee of the best technologists we can recruit
- Membership in the OFA is **NOT** required

## ■ Why we use a TPC

- TPC members represent YOU, Workshop attendees
- Beats the “Rolodex” approach used years ago

# TPC LIFECYCLE

# OFA WORKSHOP 2020

## TECHNICAL PROGRAM COMMITTEE

### THANK YOU

- Jim Ryan, OFA (TPC Chair)
- Michael Aguilar, Sandia National Laboratories
