Event & Sponsorships Overview

The 19th annual OpenFabrics Alliance (OFA) Workshop will be taking place April 11-13, 2023, in Columbus, Ohio. It is the only event of its kind where fabric developers and users can discuss emerging fabric technologies, collaborate on future industry requirements, and address problems that exist today. The event hosts between 75-120 attendees on average.

- **Workshop participants include:**
  - Application developers and end users
  - Communications middleware developers
  - Network and storage vendors and researchers
  - OS solutions developers
  - Enterprise data center managers and architects
  - System & network administrators
  - System OEMs, architects & integrators
  - Kernel developers and maintainers

- **Types of discussions and activities:**
  - Developer/User exchanges and technical sessions (trends, challenges, solutions, etc.)
  - Tutorials, demos and hands-on training
  - Birds of a Feather sessions on pressing industry topics, emerging technologies, challenges, etc.
  - Meet the Experts and general networking

The OFA will again offer its members sponsorship opportunities to promote their support for the OFA Workshop 2023. These sponsorships will be available on a first-come, first-served basis.

OFA Workshop 2023 - Sponsorships	
Networking Reception Sponsor (Number Available: 1) *Sponsorship includes host recognition with logo featured on signage during the networking reception.*	**$7,500**
Meals Sponsor (Number Available: 1) *Sponsorship includes host recognition with logo featured on signage during each breakfast and lunch period throughout the week.*	**$5,000**
Workshop Break Video Sponsor (Number Available: 3 / limited to one per day) *Sponsorship includes one ~3-5min video (no audio) to be played during the workshop breaks (approx. 5 times) to promote company, product and/or technology. Sponsor will be responsible for production of the video asset.*	**$3,000**

In addition to the above benefits, all sponsors will be mentioned in official OFA Workshop 2023 communications and have their logos featured on the OFA Workshop webpage.
